

Macro Photography: Getting Great Pictures with Your iPhone

with Lorna Herf

In this workshop we will discuss best practices for professional quality digital photos of your work and specimens using just an iPhone:

- Great lighting, every time
- Scene composition & Styling
- Magic work holding tips
- Tips and tricks with common household items
- Apps and tools for editing pictures

In this workshop we will focus on using iPhones to get better macro photos. You will learn how to improve your photos and get hands-on experience with several different lighting setups. We'll also cover editing and sharing your photos online.
